TR Tamper-Resistant

Tamper-Resistant designed cover full line of the outlets, with a variety of duplex, Decorator, and specification-grade receptacles in commercial versions and in residential versions as well.

Every year more than 2,000 children in the U.S. under the age of 10 were treated in emergency rooms for injuries related to electrical receptacles approximately seven children per day.* In most of these cases:

- The victims were younger than four years old and suffered first or second-degree burns.
- Children were injured when sticking common objects such as hairpins or keys into receptacles.
- The injuries occurred at home.

Helps keep children safe.

Helps prevent insertion of foreign objects.

Children insert objects into the socket such as screw driver, knife or copper wire can not make the TR shutter open, unless the plug insert into with both pins.

Applications

- Residential – Kitchens, bathrooms, garages, basements, laundry rooms, all necessary locations power supply around the house;
- Educational Facilities – Classrooms, restrooms, laboratories, dormitories and kitchens;
- Airports – Public bathrooms, general-use and maintenance areas;
- Restaurants, Lodging and Retail Malls – Public bathrooms, general-use and maintenance areas;
- Commercial Offices – Bathrooms, basement areas, hallways and kitchen facilities;
- Public Areas – The location People can use power supply usual.
