FEATURES & BENEFITS

- USB Type-C with Power Delivery is the most advanced, powerful in-wall charger in the market, capable of charging up to 18W on a single pore! Perfect for power-hungry laptops, tablets and smartphones.
- Helps keep children safe. Children insert objects into the socket such as screw driver, knife or copper wire can not make the TR shutter open, unless the plug insert into with both pins. Helps prevent insertion of foreign objects.
- Smart chip enabled USB ports allow record-breaking charge speed and spend less time powering your devices.
- Enjoy ultra highSpeed power charging to two USB devices simultaneously without an adapter.
- Build in one heat-sensing component to shut down the charger when excessive heat is generated within the USB receptacle, halting the temperature climb before it damages the device.
